\$435,000 - \$460,000

Showcasing an effective use of sunlit space, this supersized 1 bedroom (plus full-sized study) apartment offers the best of both worlds with the tranquillity of a West Melbourne lifestyle and the lively CBD one block away. Walk to Flagstaff Gardens greenery, fresh Queen Victoria Market produce, universities, transport choice, Marvel Stadium and the Docklands waterside precinct. This is truly living! Placed on the second floor of the sought-after Cityside complex, a stone-topped kitchen boasts a waterfall-edged breakfast bar and stainless-steel appliances plus a dishwasher. The versatile study offers a professional solution to working from home, or could be used as a nursery or additional living space if required. Spacious open-plan living and dining flows to an undercover balcony with stunning views sweeping over the neighbourhood back towards the towering city skyline. Enjoying a similar outlook, the large and light-filled bedroom is superbly serviced by a wall of mirrored built-in robes and a fully tiled bathroom with a stone-topped vanity and laundry capability including a wall-mounted dryer. Take advantage of secure car parking, split-system heating and cooling, sleek floorboards, a fresh coat of paint, slimline Venetian blinds, a concierge, lift access and intercom entry. Your search stops here!
