" A million-dollar view, not a million-dollar price tag "

Apartment 2104 at W2 was one of the first apartments selected for purchase. It's brand new. This beautifully designed 2-bedroom apartment is situated on the 21st floor of the W2 apartment complex with only the penthouse levels above. located in the heart of the Woden town centre. Don't miss the opportunity to secure an amazing apartment in a modern, well-conceived new apartment complex.

The floorplan was a design snapped up by purchasers whilst being sold off-plan. The main living area flows seamlessly off the well-appointed kitchen. The combined living and dining area connects to the generous balcony, and both take in the breath-taking views across the leafy Woden Valley and the Brindabella Mountains in the distance. This floorplan has the 2-bedroom segregated at each end of the apartment with both rooms taking in the stunning view.

With a large percentage of the development secured by live in owners this might be one of the few opportunities to secure your new home in the heart of the Woden town centre. Imagine having the Westfield shopping centre, a variety of cafés, restaurants, and shops at your doorstep. Easy access to other facilities such as health care, government, community organisations and the future light rail is also a real feature of W2.

With quality inclusion, fittings and appliances, a secure basement car space plus storage, reverse cycle heating and cooling this beautiful apartment is undoubtably superior to other 2-bedroom apartments being sold in the precinct.
