Type: Apartment

Spoilt For Choice with Facilities Galore!

A coveted corner position right at the rear of a park side building floods this designer abode with natural light and peaceful appeal. Situated in a resort-style complex that gives its residents access to fabulous facilities, it offers busy professionals and investors a carefree foothold in a quality suburb.

Tucked at the end of the corridor and accessed via the rear-most lifts, the accommodation is well-planned, featuring wide-board floors that flow past a dedicated study and then burst open to reveal the open-plan living and dining zone. Connecting with a stylish stone kitchen equipped with high-end Neff cooking appliances, this space spills out to a supersized balcony offering ample room to relax or fire up the BBQ with friends. Both of the generous bedrooms benefit from fitted wardrobes – the master also with a chic ensuite bathroom, while a similarly appointed second bathroom plus a Euro laundry are added highlights. With the quality comfort of Daikin heating/cooling plus the reassurance of video intercom security to the building, this stress-free Lock & leave setting also offers basement parking and storage.

You are spoilt for choice with not only a pool & gym at Number 226, but also a stunning infinity pool & gym facilities at neighbouring Sandy Hill. The IGA, on-site café and bus stops out the front just add to the liveability, while Southland and Sandringham stations, shopping options and the beach are all just moments away.

For more information about this enviable resort-style setting, please contact Misty White or Marc Stafford at Buxton Sandringham.
