Boutique Apartment Living in the City Centre

A five-star home base in the heart of the city or sound investment, this ground-floor apartment in the luxuriously refurbished "The Star" complex offers a lock-up-and-leave lifestyle. Situated moments from cafes and pubs and only a short tram ride to Newcastle Beach, it has enormous potential as a primary residence, business address or ultra convenient weekender.

Rich in history as one of Newcastle's earliest iconic commercial complexes dating back to 1855, this boutique two-bedroom apartment delivers all the essentials well, including open-plan living, a powered study and private courtyard.

The sleek kitchen features a stainless steel oven and gas cooktop, while the single secure parking space is a handy option to have when venturing beyond the city. Further highlights include split-system air-conditioning in the living and dining area as well as a contemporary bathroom and laundry facilities.

Located opposite Wests City within easy walking distance of Marketown and Balance gym, everything you could possibly need is on your doorstep.
