Lumi = superior quality/construction renowned as one of Canberra's best!

A truly unique property, it's often sought and seldom found where an apartment offers uber-high calibre fixtures and fittings plus quality construction without structural issues.

Lumi set the standard not only for quality, but all apartments are 'fully optioned' that other buildings could never have: a heat recovery ventilation system filters fresh air in whilst extracting warm moist air out, efficiently "recovering" this warm air to preheat the cool fresh air - minimising moisture and condensation (and energy consumption) in winter and maintaining freshness in summer. Extra acoustic underlay beneath the floors and in the walls, hidden storage, insulated windows and frames maximise efficiency, plus a high level of finish throughout the entire apartment and building common areas.

Spacious bedrooms, main with ensuite, timber flooring, stone benches and tiling throughout, dual balconies, outdoor entertaining is ideal for the warmer months ahead, it really doesn't get any better than this! This property combines it all for great liveability and an easy lock up and leave lifestyle with a grand yet functional floor plan, this is living! Not only that, but it's oh so close to Gungahlin Town Centre and the light rail into the City. Set in a location with many conveniences, simply move in and enjoy!
