Bright top-floor residence in impeccable Essendon Village spot

Blessed with a gorgeous corner aspect that takes in sweeping views across Lincoln Park and natural light throughout the day, this top-floor two-bedroom apartment delivers penthouse living at its finest.

Situated in the designer surrounds of the boutique Grace apartments, you're surrounded by all the retail and cultural highlights of Essendon Village, offering enviable local living in a hugely desirable locale.

The bright open living/dining space opens out to a covered balcony that offers a charming alfresco dining area no matter the season. The kitchen hosts upscale appliances (including integrated dishdrawer), the fully-tiled central bathroom finds a spacious walk-in shower, and each bedroom boasts mirrored robes. Further features include Euro laundry, split-system heating/cooling, and secure basement car space.

The perfect lifestyle position sits mere metres away from cafés, restaurants, retail, and great local parks. Buses and trams stop right outside, it's a short stroll to Essendon Station, and there's quick access onto Citylink and freeways, making for easy commutes.

We donate a portion of our fee from every property transaction to the Woodards Foundation to support people experiencing homelessness, family violence and social isolation.
