\$700 per week

This is a very rare opportunity to secure a fantastic apartment in the tightly held Habitat building. The apartment has been beautifully furnished and the sale includes the furniture. To truly appreciate this apartment, you will need to physically inspect it! The Habitat building is uber convenient, located 200 metres from St Leonards train station and the Forum Plaza with eateries, cafes and the Coles Express Supermarket. The Habitat building was designed by Burley Katon Halliday architects, and developed by Greencliff, now known as Frasers Property Group, and their developments are built to the highest standard. Features we love include:- Square set ceilings in the kitchen and bathrooms with shadow line ceilings in the lounge.- Expansive floor to ceiling sliding door to the bedroom which creates a true sense of space.- Two separate storage cages side by side.- Five days a week concierge service to assist with parcel deliveries and organising the laundry.- Fully equipped gym & sauna.
