**\$530,000**

Watch the water and see the city from the impressively updated spaces of this exceptional apartment, one of only eight in a building that's just one block back from The Strand and walking distance from Douglas Parade. Appealing dimensions featuring beautiful recycled brushbox floorboards include a welcoming living room that leads to a separate kitchen/dining area where the stainless steel of the appliances and splashbacks complement the timber tones of the cabinetry. Two bedrooms each enjoy outlooks that reach along Clark Street to the bay, adding captivating visual appeal to their complete comfort, while a central bathroom contributes significant style and perfect presentation. An allocated car parking space completes a vibrant apartment with views to match in a location offering the added attraction of city skyline sights.
