I am delighted to offer this two-bedroom apartment in The Cliveden, Bridge Street which is a small boutique heritage development in the heart of the city. The development is well known in commercial circles as it is dual zoned for both residential and commercial use. This neat 59 square metre floor plan offers living room with modern open plan kitchen with high ceilings, two bedrooms and bathroom. The Cliveden also offers access to a communal rooftop pool. It's positioned in the heart of the city; according to Google Maps it is 230 metres to the Four Seasons Hotel and 550 metres to GPO Sydney at Martin Place. The transport links are ubiquitous being 400 metres to Wynyard Station and 600 metres Circular Quay Ferry Wharf with Sydney Light Rail on your doorstep.
