Instantly appealing with house like proportions, this remarkable property is located within the coveted City Gardens complex. Elevated to enhance the tree top views amid the beauty of the residents' gardens, a vibrant kitchen presides over generous lounge and dining spaces where sliding glass and private patio evoke the flow of movement between in- and outdoor spaces, and timber accents and trims bring an attractive level of warmth. The bathroom upstairs has been beautifully renovated with feature textured tiling, rain shower and separate soaker bath, enjoyed via instant access from the west-facing bedroom. Inverter heating/cooling and a spacious walk-in in the second bedroom are exceptional inclusions. A secure undercover car space allocated to the apartment complements an outstanding inner-city lifestyle. Moments to trams, local shops, schools/universities, parks, major hospitals, and easy access to Melbourne's CBD.
