This 126 acre (approx.) property is laser graded into approximately 10 paddocks, with bore water for stock and domestic and power connected. The property is ideally located, being 7 minutes from Rosedale and within a stone's throw of the townships of Sale, Heyfield and Traralgon. An excellent fertiliser history is available. You could build the house of your dreams (subject to council approval) or add to your agricultural portfolio as a turnout block or for fodder production.
