### THE THOMAS 199

The Thomas delivers a truly modern family home. The central living area with open plan kitchen, dining and family room creates a focal point for family gatherings and leads directly onto your alfresco area.

A large walk-in pantry and island bench top in the Kitchen make entertaining a breeze. Two family bedrooms are paired with the main bathroom, while the master suite with walk-in robe and ensuite enjoys more privacy at the front of the home. A large, separate living space gives you flexibility to create a media room, home office or more space for friends. The cleverly positioned study nook, double garage and ample storage make the Thomas 199 the perfect choice for your new home.
