Quiet and Low Maintenance Unit

11 Cusack Parade comprises a one-bedroom, unit-style living with dual access bathroom all well supported by a large open plan light-filled kitchen, dining, and lounge room area, providing a notable sense of space that is not often found in a residence of this nature.

The property looks fresh and will be a comfortable home.

With private access through the pedestrian gate, the unit is ideally suited to a quiet single or couple looking for a low maintenance hassle-free lifestyle, with the Wynnum waterfront at your door and all that the Esplanade and bayside has to offer. Street parking only. Electricity and water are included in the rent. Pets will be considered upon application.

Inspections will be held as advertised. Be quick, as properties like this do not come along often.
