CLASSIC COASTAL RETREAT

A superb blend of yesteryear and today's modern creature comforts deliver this gorgeous, seaside retreat. A golden oldie, this three bedroom cottage is tastefully presented with a warm homely feel through out. Classic charm incorporates fancy cornice, a brick mantle fire place inclusive of gas heater complimenting the main lounge, as does split system airconditioning. The updated kitchen includes all the modern conveniences as the adjoining meals area offers a little added space, all of which are set on top of stunning hardwood timber floor boards. Each of the spacious robed bedrooms offer ample room to move, share the family bathroom, seperate shower, toilet and full laundry. Superbly presented both inside and out, you'll also benefit from an expansive undercover decking area for terrific year round entertaining, sliding front gate and secure fencing, side access to a steel garage at the rear and easy care gardens. Situated in a quiet leafy street away from the hustle and bustle, you'll feel right at home the moment you step foot into this coastal classic.
