North facing ground floor apartment. This is a beautiful open-plan residence and garden in which you could host your family and friends, or spend a relaxed day at home with the pets. Some of the home's special features include natural stone and marble in the kitchen, high-quality Swiss V-Zug appliances, a pyrolytic oven, a steam oven, and a generous butler's pantry. The open-plan living/dining zone features a fireplace, and ample space for dining and relaxing. The double-glazed sliding doors allow one to step into the stunning, private garden courtyard, with room for a small plunge pool or an outdoor table, lounge and a BBQ. This tranquil garden space has been designed by the renowned landscape architect, Jack Merlo. When entertaining, you might enjoy selecting your favourite wines from your private wine cellar in the basement, or something stronger from the marble bar in your dining room. There is more than meets the eye with ESSENCE, with its many distinguishing features and amenities. Located beneath the ground floor are a secluded and sophisticated set of amenities to replenish and recharge the senses. This space includes a wine cellar, lounge area, private dining room, kitchenette, billiards table, gym and yoga studio. In the parking area, owners can make use of further amenities such as the electric vehicle charging points, pet grooming facilities, bicycle storage, golf club lockers, and a car washing station. The location of ESSENCE also means that most conveniences are within easy walking distance. Welcome to the future of prestige living.
