Across a single level with a well-designed floor plan, the home comprises four bedrooms, ensuite, 2-way bathroom with separate toilet, two living areas, study nook with built-in desk, central kitchen, north facing covered alfresco terrace overlooking inground pool, separate laundry, and double lock up garage, plus gated side access to bring in boat/caravan. New carpets freshly laid, ceiling fans throughout, separate bath and shower in family bathroom, stainless steel appliances, timber sunbathing deck poolside, and generous storage – are existing features, and the home is impeccably presented. The 555m² block is fully fenced and the garden is low maintenance, with just a regular mow when needed to keep it looking neat and tidy; there's plenty of grassy space for children and pets to play – when they are not in the pool, at the park, or at the beach (and there is a dog-friendly stretch of beach just a short walk away). Spend the morning at the beach and head home for a BBQ by the pool; or walk down to the Bokarina Beach dining precinct for a long lunch with a few wines, leave the car at home, it's only a 10 minute flat walk – perfect! All the fun stuff is so close the lifestyle on offer is desirable in every sense.
