\$379,000

This could be a worthy addition to any investment portfolio or even an awesome first home buyers property. Situated in a quiet area of Churchill a very short stroll across to the local footy ground with lovely neat and tidy adjoining homes. Features of the home include- 3 bedrooms each with built in robes and uniquely the third has a sliding door entry from the rear verandah.- The kitchen is neat and tidy with gas cooking and the whole house has been freshened up with new paintwork and carpets.- The elements are kept at bay with an upgraded split system and the installation of new windows and window furnishings has really added to the homes appeal.- Finishing off the package is an enclosed rear yard, oversized single garage, refurbished tiled roof and low maintenance lawns and gardens.
