This outstanding opportunity is by far one of the best houses on the market in Wilsonton. Properties in Qantas Court don't come online often because they are long held estates and rarely get passed on to new families. This property is real estate gold if you are a family or investor looking for a large home with the added benefit of a parent or teenage retreat. One of the key benefits is you or your tenants can be living here in as little as 30 days as the property is move-in ready and vacant! This really is a chance of a lifetime as - the property is original! That means you can improve and don't have any bad renovations to deal with. The house is meticulous, fully functional as is, and has been a family home for the last 40 years, so you know it has been well maintained. The detached studio can be used as a bedroom, or retreat and delivers you with a kitchenette, large living space and second toilet. Wheelchair friendly access to both the house and granny flat is in place. Like most quality homes built in the 1980's, the layout is smart and takes advantage of the kitchen facing the living/dining area to the outdoor dining areas providing a large open plan living area, separate from the bedroom areas. The bedrooms are a great size with built-in robes, main with walk-in robe, and the bathroom has the benefit of separate shower and bath. This property keeps ticking all the boxes with a garden shed, low maintenance gardens and multiple outdoor areas for the kids or the keen gardener. If you haven't discovered the value of Qantas Court yet, this is a highly desirable peaceful cul-de-sac just 2 minutes drive to Wilsonton Shopping Centre with Woolworths and 30 speciality shops and just 10 minutes to the Toowoomba CBD. Disclaimer: The living, dining and studio photos have been digitally staged with furniture.
