Stunning Lifestyle Offering with Architectural Flair

Set in a whisper quiet cul-de-sac down a private driveway sits this stunning 2007 built Rural Building Co. Home. Sitting in the stunning Chestnuts Estate close to the historic township of Jarrahdale and surrounded by nature at it's finest with amazing walk and bike trails as well as the award winning Millbrook Winery just down the road, this is an incredible lifestyle opportunity.

Down the picturesque driveway, the privacy of the house is second to none and surrounded by easy care landscaped gardens with coffee rock dry stone retaining walls as well as recycled brick paving driveway its easy to see the hundreds of man hours that have gone into making this place so special.

Boasting striking yet simple architectural lines with a curved roof and and a grey rendered facade it's super classy from every angle. A beautiful entry with floor to ceiling windows and timber decked area welcome you into the home. The Rural Building Company have always been great at building homes to relax in and escape to and this place has 'down south' vibes with oversized floor to ceiling north facing windows allowing the warm winter light to stream in with the most beautiful aspect outside. The main living area is amazing with curved ceilings and encompassing the family and dining room overlooked by the stylish chefs kitchen with stone benchtops.

The second living space is a large lounge or theatre room to the front of the home, big enough for oversized furniture with feature lighting and a warm colour scheme. The master bedroom is a great size with a large walk in robe and ensuite while the secondary bedrooms are also generous in size and boast built in robes. There are multiple reverse cycle air/con's through the house as well as a toasty wood fire in the main living area.

The main living areas of the home spill seamlessly open out into the brilliant alfresco area with its extensive recycled brick paving with the majestic Jarrah trees as a backdrop. The patio showcases custom roller blinds making this a space to enjoy year round. A brilliant pool area is the perfect place to chill with the family for Christmas 2024. There are meandering paths winding through the property to explore as well as chooks, fruit trees and a powered workshop while a large Solar Power System keeps the bills low year round.

Lifestyle Opportunities like this are few and far between!
