Architect-Designed Lakefront Retreat

Welcome to 10 Kearsley Road, Denmark - a stunning property nestled on a spacious land area of 6415 sqm. This beautiful architect-designed, cedar and iron home offers a tranquil and serene living environment, surrounded by nature and breathtaking scenery. Currently one of Denmark's most beloved holiday homes, offering three spacious bedrooms and two bathrooms in the main house, plus an adjoining two-bedroom air-conditioned studio. The home is perfectly set within a breathtaking garden, overlooking the property's amazing, freshwater lake that has seasonal marron to enjoy. A matching cedar shed blends seamlessly into this idyllic setting, offering a mezzanine floor, the perfect workshop space.

Stepping inside this home you feel the charm and warmth that radiates from every corner. The journey begins with a spacious, tiled entryway that gracefully guides you to the sunken living area, where cathedral ceilings and floor-to-ceiling windows perfectly frame breathtaking lake views. Whether it's curling up by the slow combustion fire in winter or enjoying the comfort of the split system air conditioning during the summer, this home provides year-round comfort.

When it's time to entertain, the expansive deck surrounding the home offers the ideal setting, overlooking the serene lake and inviting endless gatherings. The kitchen is a true heart of the home, with ample storage, a walk-in pantry, and a dishwasher, all seamlessly integrated into the open-plan living space, fostering a sense of togetherness. Adjacent to the kitchen, the dining room boasts large windows that capture the lush greenery outside and offers easy access to the side deck, making every meal a scenic experience.

Each of the three serene bedrooms offer a spacious feel, with the master suite which also has a private entrance, boasts a spa bath, walk-in robe, built-in robe, and ensuite. Plus, the additional room upstairs, featuring the study area provides a tranquil space to relax.

Located just across the spacious double carport, the fully self-contained studio apartment serves as an ideal retreat. Featuring two sleeping areas and an open-plan living space, this studio has consistently attracted holiday guests.

The meticulously manicured and reticulated grounds are nothing short of spectacular. Here, you'll find an impressive array of shrubs and trees, lawn and pathways as you wonder through areas surrounding the home and lake, an abundance of fruit trees, creating a garden that is as productive as it is beautiful. This extraordinary property is not just a home; it offers an exceptional lifestyle. Don't miss your chance to own this special part of Denmark.
