Perfectly Positioned Family Home with Entertaining Oasis

Resting within the wide, tree-lined streets of Riverstone's established community, this nine-year-old McDonald Jones home on a 551 sqm block offers a blend of modern living and family comfort.

The home's focal point is the expansive rear open-plan living, dining, and kitchen area, which extends effortlessly to an alfresco entertaining space and a flexible sunroom. With sliding glass doors that can enclose or open fully to let in natural light, this area overlooks a level lawn and a beautiful mineral pool, complete with travertine paving and a tranquil water feature.

Four generously sized bedrooms are privately located at the front of the home, including a master suite with an ensuite and walk-in robe, while the remaining bedrooms each have built-in wardrobes.

Complete with plantation shutters, a slow-combustion fireplace, and a dedicated media room, this home also features ducted air conditioning and bottled gas for cooking and hot water. The functional laundry offers external access, and a single garage adds further convenience.
