\$1,165,000

Flushed with the most beautiful light and wrapped in tranquil gardens that are both leafy and low maintenance, this pristine family home occupies a sundrenched cul-de-sac corner in the sought-after Farm Road precinct. With a broad frontage to Wade Court, the home stretches out in the sun and features a softly carpeted formal lounge and dining room where multiple windows lure in streams of light. Around to the rear, the bright kitchen enjoys a peaceful garden outlook and is highlighted by a premium Neff oven, whilst the adjacent family & meals zone has a distinctly beachy vibe and spills out to an extremely private alfresco area which is sheltered from the weather. Set on westerly side of the property, a second screened patio enjoys the afternoon sun beneath a lofty shade sail. The three inviting bedrooms include an especially generous king-size master with twin mirrored robes and a sparkling ensuite – the remaining bedrooms share a second bathroom with convenient separate WC. Ducted heating, split systems & ceiling fans keep the interiors comfortable throughout the year, while ample storage, a workshop/shed and water tank plus a double carport with remote roller door & an auto gate are all included. Families will love the low traffic position around the corner from Kingston Heath Primary School and the kindergarten - bus stops, Huss' Milk Bar and the heath are close at hand as are DFO & Southland shopping destinations, while the home is also zoned for Cheltenham Secondary College.
