## TRANQUILLITY AT ITS FINEST

This three bedroom brick home is perfectly nestled into a no through road section of River Street with boat ramp access to the Murray River just meters away. Step into a spacious lounge which offers split system heating/cooling, modern flooring and the raked timber ceilings are a fantastic feature of this home. The Kitchen has recently had a new upright gas oven installed. Three bedrooms all with built in robes and a family bathroom. Outside has a single garage and rear lane access which is real bonus to the package.
