EOI Closing Wednesday 4th September 2024 at 4pm. With its orientation to the north, floor to ceiling windows, exposed beams, and verandas all the way around to ensure passive solar principles...as well as spots to relax in the sun or shade, this Merchant Builders style home offers an opportunity to renovate, update and live the dream among dream dimensions in a dream location...or wake up the possibilities of a new home or a redevelopment (STCA)! Currently, comfortable spaces include the main bedroom with ensuite, separated from two further bedrooms and the family bathroom by an expansive open plan living area. Anchored by an updated kitchen and opening to a decked alfresco space for free-flowing indoor and outdoor enjoyment, this brilliant blank canvas is ready to enjoy today and enhance when the time and the budget align. Then again, it would easily deliver an excellent cost offsetting income stream while plans for redevelopment (STCA) are drawn up to take full advantage of GRZ1 zoning and a location within the coveted St Helena College zone and an easy walk to Diamond Creeks cafes, eateries, primary and pre-schools, station and hotel. Please contact John Castran on 0411 502 424 or Peter Don 0410 609 006 to arrange a private inspection.
