\$720.00 per week

This stunning family home has spacious living, light filled rooms and beautiful heritage features. Offering four generous bedrooms, two with built in robes, all with ceiling fans. All bedrooms have different features, like window bench seating, fire place or built in shelving. Central kitchen with easy access to all living spaces. Island bench, lots of cupboard storage, dishwasher, great appliances and separate meals area off kitchen. Lounge / sunroom at the side of the home, great for a second living space away from the main living area. Huge open plan lounge / family room at the rear with slow combustion fireplace and separate gas built in fireplace. This main living space leads out onto the verandah which overlooks a great sized rear yard. There is a detached double garage which is much larger than a double garage size and plenty of room for off street parking. The home also offers 2 separate bathrooms to service the household, main with large corner bath. Internal laundry with storage and easy access to the rear yard. Ducted air conditioning, ceiling fans and multiple heating options to suit all seasons. The rural lifestyle has to be the biggest attraction, located only a few minutes to Menangle country club, a short drive to Menangle Park train station, 10 minutes to Camden and Campbelltown.
