Boasting generous proportions and stunning views of the Brindabellas this family home will inspire you to entertain and enjoy time spent together. Ideal for growing or extended families, the home provides four bedrooms, multiple separate and open plan living spaces, a stunning raised entertaining deck and plenty of off-street parking.

The generous kitchen occupies its own space with stone benchtops and a breakfast bar that overlooks the adjoining, semi-open plan dining and family spaces. Perfect for a large family, or those who love to entertain, there is an oversized walk-in pantry and quality appliances that include a dishwasher, gas cooktop and two ovens. The dining space includes a cosy fireplace and there is direct access from the family room onto the raised timber deck that takes in lovely views of the Brindabellas.

There are multiple living spaces to enjoy that provide plenty of room for the whole family. The formal sunken lounge room provides access to a private study and there is a generous, carpeted storage room located downstairs ideal for a games room, hobby space or even a music room.

Ducted gas heating ensures the house will be comfortable throughout the cooler months with reverse cycle air conditioning units located in several living spaces and the master bedroom.

An impressive 6.3kw solar system will assist with rising energy costs and will assure you can heat and cool your home guilt-free. Storage is plentiful with built in robes in two of the bedrooms, a linen cupboard plus additional space under the house. The master bedroom boasts a large walk-in robe, private ensuite and lovely views through a large window that includes an electronic external blind for increased energy efficiency.

From the street, the home has a very tidy facade, with plenty of off-street parking available in addition to the single carport and freestanding double garage. Additionally, the low maintenance garden beds with irrigation, transform the entry space and provide a vibrant and ever-changing view from the front lounge and study.
