An Entertainers Paradise

Tranquilly nestled in ever popular Highlands Estate in a whisper quiet tree lined street is this stunning multilevel masterpiece that is built to impress! It offers the perfect space for the large or growing family as well as the outside entertaining areas that will feel like your very own private resort!

The spacious and light filled living areas consist of the elegant formal lounge and dining area room, then the well positioned meals area conveniently adjacent to the kitchen, followed by the large family rumpus room downstairs. Both the meals and rumpus rooms give you sliding door access to the backyard.

The gourmet kitchen features 40mm Caesar stone bench tops with an island prep workspace, stainless steel appliances with a gas cooktop plus plenty of cupboards and drawers with a large corner pantry.

Accommodation consists of 4 generous bedrooms plus a convenient downstairs study or 5th bedroom option. All bedrooms have built ins and one bedroom has a cute loft space. Servicing the rooms is a well appointed family bathroom and the master comes with its very own walk in robe and private ensuite.

The home also comes complete stunning timber floors throughout, a remote double garage with internal access plus plenty of off street parking with an extra front car space plus wide side access through double gates perfect for the van, both or trailer or all three.

As mentioned the picturesque backyard really will feel like your very own private resort. Starting with this decked veranda, overlooking the large paved entertaining area covered by a pitched roof pergola and the family will love this super sized sparkling inground pool for the warmer months.

As mentioned this tranquil Highland Estate is surrounded by bushland and the street overlooks Caddies Creek Park and of course Caddies Creek itself. You are also within easy reach of regular bus services, quality schooling as Rouse Hill Primary and High schools, plus Our Lady of the Angels as well as great shopping at the Rouse Hill Town Centre with the North West Metro along side.
