\*This property was not affected by the 2022 floods\* Situated in North Shepparton, a brief stroll from the scenic Goulburn River, this well-maintained three-bedroom brick veneer home awaits. While largely original in design, the property is impeccably presented with plenty of potential for its next owner. It features a lounge room with gas heating, a tiled kitchen and dining area, and an adjacent second living space that doubles as an open study. All 3 bedrooms come with built-in robes, and the main bathroom presents beautifully. Evaporative cooling ensures comfort throughout. The exterior boasts a double-length carport and a covered pergola, offering views of the serene and low maintenance rear yard.
