Sunlit serenity, delightfully deep garden

Mellow light evokes a relaxing ambience in this cosy two bedroom Californian Bungalow style home, where the deep rear garden is a shining highlight. Loved by the same owner for 28 years, it presents a living room with French doors and an open fireplace, and dining room, seamlessly progressing to a kitchen with garden views. Just outside you'll find an outdoor entertaining area and shared driveway. The rear garden is enticing, productive and promising for those with a view to extending (subject to relevant approvals). Further plusses include high ceilings, timber floors, a bright main bedroom with French doors and floor-to-ceiling robes, second double bedroom, central bathroom and ducted heating. A stroll to Mayer Park, trams, buses and the shops and cafes of lively Miller Street Village, this compelling choice resides in the esteemed Northcote High School zone.
