Character Plus!

Built in 1950 and set on a high & dry 743 sqm allotment, this cute character home is filled with potential. Fully fenced, this property is situated close to schools, cafes and sporting facilities.

Elevated to take in the mountain views, this home displays loads of street appeal.

There's two generous bedrooms with timber floors, built-ins and ceiling fans.

A third smaller bedroom or office space has plenty of natural light.

Polished timber floors continue through the lounge and dining with plenty of windows to capture the views and breezes.

The tiled kitchen is functional and has a large adjoining room ideal for a butlers pantry.

The bathroom has a shower over tub and separate toilet.

Under the home is lockable concreted storage or parking for one vehicle plus laundry.

The second driveway leads to the huge backyard where you'll find a solid shed and cubby house.

Fenced & security screened, this house is 'move-in ready'.

Excellent entry-level buying here with loads of potential!
