House on a Super Big Block

This home sits on a massive 1470 square meter (approx) block offering a number of possibilities, development being one of them (STCA).

The huge lounge room offers the choice of, at the press of a button, a reverse cycle heating cooling system, or if you prefer, the traditional wood heater to keep you toasty warm on those chilly winter nights.

A multi purpose room on the lower level complements that lounge room and gives you somewhere for the teenagers to congregate.

The kitchen is highlighted by some top end appliances, something that will appeal to the chef or the "standard cook" alike.

Spacious bedrooms await you and for those that like to entertain or simply spend time outdoors, you are very well catered for.

A deck with cafe blinds will give you 12 months of the year use and you also have an undercover area at the rear of the home, ideal for the BBQ. Throw in solar power and the list goes on. The huge backyard is a mixture of shedding, gardens and vege plots.

Shop local, head 20-25 minutes down the road to Legana or 40 minutes to Launceston CBD. Lot's of potential with this one in Beaconsfield.
