Far bigger than its front appearance suggests, this brick veneer home offers a heap of space for young growing families. Entrance hallway leads to extra generous living room with feature open-fireplace. Kitchen includes wall oven, gas hot plates and dishwasher. Terracotta tiled flooring leads into dining area that outlooks to undercover north facing pergola. Also, third living space at rear with another glass sliding external door. Four bedrooms in all, the front master with walk-in robe and full en-suite. Built in robes in all others. Central heating throughout. Freshly carpeted and painted ready to occupy. Extra large steel garaging and a sizeable treed rear garden. Note: Land size 709 sq.m. approx. In all, a great opportunity for first home or sound low-maintenance investment. Plus an added bonus directly opposite parkland. We strongly encourage your early enquiry. This property is currently leased till August 2024 @ \$450pw. Vacant possession available from 4 August 2024.
