\$530 per week

This spacious family home comprises a wide entry & hallway with great storage, a generous formal lounge room which includes gas heating & large windows, a separate dining adjacent to the kitchen which offers an abundance of cupboard space, electric stove plus a split system air conditioner. The bedrooms are a good size, two with built in wardrobes. The tiled bathroom has a shower, bath & vanity, while the toilet is separate. The laundry is also on the larger size, again with cupboards. The covered North facing deck is just a few years old and is superbly private. The established rear yard is north facing, enclosed & private, plus there is also a pair of single garages, one with a toilet & sink.
