Dual family living!

Loved by one family for many years, this spacious north-facing home enjoys elevated views on a family-friendly 548m² with several balconies, an array of fruit trees, and room for the kids to play. The sizeable interior presents 5 robed bedrooms over two levels (main with ensuite), along with 2 family bathrooms, 2 spacious living areas, dining room with balcony and well-equipped solid timber kitchen. A study with separate entry invites work from home possibilities, and the ground floor design could also transform into a private self-contained apartment - all the elements are already in place! With extras like ducted heating, evaporative cooling, large integrated double garage and workshop - inspection is a must!
