\$639,000

This 4 bedroom, brick rendered home with upstairs extension is in an ideal location close to the sporting & medical precinct and main street. In addition at the end of the street is access to the conservation reserve and mountain bike / walking tracks. The home has been tastefully renovated with modern tones. Traditional 1980's style floor plan with an L shaped lounge flowing onto the kitchen and dining area. A modern kitchen with ample storage and bench space, electric cook top, oven, dishwasher and seating at the benchtop. Separate dining area / 2nd lounge has direct access to the kitchen and the outside undercover deck area. The master has new carpet, WIR, a newly renovated en-suite with vanity, toilet and shower. The 2 additional downstairs bedrooms have new carpet and BIR's. A central bathroom with large walk in shower, vanity and hidden toilet. Large walk through laundry is hidden behind cupboards. A central study is the access to the upstairs extension which has a lounge area and an extra large bedroom with BIR's. Upstairs needs new carpet and a paint however makes an ideal children's or parents retreat away from the rest of the home. Could easily converted into a real master suite. Externally is the undercover patio area off the dining space, a carport for 2 cars and a shed / workshop. A fully enclosed rear yard ideal for pets and children to play. Well worth a look if your in the market for a large family home. Contact our office for a discussion. Inspections strictly by appointment.
