Architectural, Earthy & Modern on 1093m² Bush Block

Experience the unique charm of 12-14 Wentworth Parade, a modern yet earthy architecturally designed home completed in 2011 by a professional builder. This 2-bedroom residence sits on a spacious 1093m² block, fenced on three sides for added privacy and security.

The home features high ceilings with exposed trusses, fully insulated plywood interiors, and anodised louvre windows with deep window reveals throughout. The dimmable LED lighting and New Guinea Rosewood doors add a touch of elegance. The main bedroom is spacious with a built-in robe and a two-way bathroom that doubles as an ensuite, complete with a deep bathtub, unique tiling and frosted louvre windows for privacy.

The second bedroom can easily be used as an extension of the living area and also includes built-in storage. The modern kitchen boasts a gas cooktop, marmoleum flooring, and expansive louvre windows that offer serene views of the lush, forested garden.

Additional features include a single carport, a separate studio/bedroom currently used as an art and craft studio, a garden shed, and a workshop/laundry area under the house.

Perfect for a creative or younger couple, this home offers a unique, private retreat among the trees and wildlife. Optionally, the property can be sold with some of the existing furniture.
