Gardner Homes is designed to suit narrow sites and provides good use of space with functional practical living. The open plan living space with U-shape kitchen, dining and family room leads outdoors to a covered alfresco area to the rear. A generous master suite with an ensuite and walk-in robe is positioned at the rear of the home and provides a space to retreat and unwind. Two additional bedrooms, a family bathroom, good size laundry and a single garage make this a delightful family home. Allow yourself to imagine the lifestyle you've always wanted; in the home you deserve! The Armadale design offers individually crafted facades that will inspire you by providing a choice of homes that reflect your personal lifestyle and preferences. For optimal site use, this design is best positioned on sites with the north aspect towards the rear of the home, providing sustainable and comfortable living conditions throughout the year.
