Neat Brick Home in Popular Location

This well-maintained three-bedroom brick veneer home is an exceptional find, perfectly positioned in the heart of a highly sought-after southern area, just 1 km from the CBD and nestled between primary and secondary schooling. The property features secure fencing, shedding, undercover parking and solar along with well kept lawns and maintenance free gardens. The home is equipped with both a wood fire heater and a split system air conditioning, three spacious bedrooms which includes built-in wardrobes, separate toilet and open plan kitchen, living and dining. The current tenant is on a periodic agreement, which means the property can be offered with vacant possession, allowing new owners to move in immediately. Alternatively, for those looking to invest, the tenant is eager to remain, providing a ready-made rental income stream.
