\$1,112,500

One of our premium 5 bedroom home designs, perfect for growing families. The Coolum 266 has all the space your family needs to live and grow. This two storey home hosts four bedrooms and a rumpus room on the upper floor with potential for a fifth bedroom (or theatre room) plus spacious living area on the lower floor. The kitchen is often referred to as the heart of the home and this has never been as apparent as in the Coolum 266. The open plan kitchen creates the perfect meeting place that connects the living and dining area that seamlessly flows to the alfresco. This design is a stylish take on the family home with modern features including a walk-in pantry, walk-in robe in the master suite, and a convenient study nook. The Coolum is brimming style and features modern, quality inclusions ready for you to enjoy. With the café's, major shopping precinct with supermarket and specialty stores of Campbelltown just a short drive from Newbrook Estate, you'll have everything you need on your doorstep. With so much Potential in this Location, Opportunity to own a parcel of land like this is very Rare. -Close Proximity to MacArthur Square & Campbelltown Hospital-School & Childcare In walking Distance-The land with connections to all services Our Emerge Collection combines affordable home designs with the quintessential Montgomery Homes building experience to ensure your home has the quality items you will need and nothing you won't. It offers peace of mind with certainty at every step, with included site costs* and simplified processes so you can move in quicker. A variety of inclusions feature throughout your Emerge Collection home, such as: • Designer kitchen • Italian made appliance package • 20mm stone kitchen benchtops • Handle-less fingerpull doors and drawers • Taubmans premium paint system • PGH bricks and concrete roof tiles • Corinthian front entry door • Alfresco roof and concrete slab • Tiling to porch and alfresco • Internal floor covering For more information on this package, or for anything else, please reach out to me directly over the phone or via my email. *CONDITIONS APPLY - Bundle price excludes costs associated with land purchase (eg. legal fees, stamp duty and property searches etc). Bundles and pricing are based on current preliminary developer land information and are subject to developers design review panel, land registration and statutory/regulatory authority requirements (eg. Council, BASIX, Mines, Bushfire Regs etc) as well as soil assessment, contour survey and engineers reports. See inclusions list for standard inclusions. Pictures shown are for illustrative purposes only. Montgomery Homes reserves the right to revise plans, pricing and all specifications without obligation or notice prior to payment of a commencement fee. Site cost allowances are based on average site costs and may vary per individual site. Clients are responsible for tree and vegetation removal as well as scraping the site to a depth of 50-75mm prior to construction. The above pricing is an estimate based on land size of 450m². This pricelist is a guide only as pricing of turnkey items and site-specific requirements (i.e. BAL ratings) will vary depending on lot size. Emerge Collection packages are only available for vacant land with a maximum of 900mm fall over the building footprint and where no batter is required. Changes to designs are not permitted. Emerge Collection packages and pricing are for new estates. These packages and pricing do not apply to knock down rebuild sites. Designs and plans are copyright protected and remain the property of Montgomery Homes Pty Ltd at all times. *The included site costs offered by the Emerge Collection offers peace of mind and instils confidence in managing site expenses. The Emerge Collection included site costs encompasses both earthworks and piercing, specifically: 1. Earthworks; cut and/or fill to create level building pad on sites with maximum 900mm fall across the building envelope. Please note, included site costs price excludes removal of excess spoil, importation of fill and any stepped building pads/dropped edge beams (if applicable) 2. Piering; supply and placement of up to 40 lineal metres of foundation piers (bored concrete piers or screw piles) to house slab. Please note, piering layout and extent to be finalised by structural engineer, in conjunction with foundation design and results through the Limited Site Investigation.
