1/2 ACRE TOWARDS BEACH

SEMI RURAL but with High School barely 800 metres from your gate. How good is that?

You'll love this three bedroom super solid masonry block home with tiled roof and interior walls mostly all rendered block. So strong! The bedrooms have fitted robes.

The living is open plan with kitchen, lounge and dining all talking to one another. Like everything in this home the kitchen is well put together and has a good big pantry. Bathroom and toilet are separate.

For entertainers the entire length of the back of this home has a massive covered area suited to almost anything but perfect for family relaxation - so cool and breezy and so big!

There is a very large garage under the main roof and additional parking or storage is provided for in the double shed giving good space for at least two vehicles. The sides and rear boundary are all fenced.

A solar array on the roof will take the edge off your power bills.

Most of all the icing on this cake is the big, big back yard with all the space in the world for vehicles and the space to turn them round in.

This home has to be seen! Contact us for an inspection appointment.
