$600,000 - $660,0000

A rare find with a perfect symmetry of space, style and setting, this 3-bedroom, 3-lounge home delivers a lifestyle often sought yet seldom found in a modern neighbourhood, where every detail blends exemplary style with unparalleled functionality.Bamboo floors spread through its dynamic interior, showcasing dual lounges across a light-filled ground floor layout. Formal living at the entry is contrasted by open-concept entertaining at the rear, where a stone-topped kitchen and its premier appliances make for easy everyday meals and social interaction by the all-weather appeal fo the enclosed terrace. Accommodation is well-zoned on the upper floor around a third living space, led by a main bedroom with a bright ensuite and a walk-in robe, with two additional bedrooms closely served by a family bathroom and separate toilet.Live well in a neighbourhood that provides everything at your fingertips, including Findons Creek walking trails, Glowrey Catholic Primary, Al Siraat College, shopping amenities and public transport. Finishing features include evaporative cooling, ducted heating, multiple storage sheds and a garage with extra storage space.
