Its original spaces convey authenticity, its allotment suggests rewarding potential – this home’s traditions and temptations represent a fantastic opportunity, directly opposite the green expanses of Packer Park. With the option to move in or lease out, enjoy the comfort of zoned spaces, with an L-shape living/dining domain, complementing an immaculate kitchen/meals area and generous second living room. While comfortable with heating/AC, powder room, covered patio, storage room and tandem garage, you may choose to add your own modern charm to the existing home, or consider starting afresh and redeveloping (STCA). Indulge in parkland living within the McKinnon Primary and Secondary zones, walking distance to Kilvington Grammar, Ormond and Carnegie stations, Koornang road’s cafe and restaurant culture and minutes to Caulfield racecourse and Monash University.
