There are two beaches, main Coledale Beach is patrolled with an active Surf Life Saving Club running a prestigious camp site, where you often find local families camping and enjoying a good time. The second Sharkey Beach is often used by locals to walk their dogs off the leash, by surfers, fly fishing enthusiasts, and by kids exploring numerous tidal rock pools. In between the two beaches there is a large tidal swimming pool, used by swimmers for most of the year. Other essential facilities include prestigious primary school located literally on the ocean front, with its own whale watching station, and a pre-school childcare center nearby. Every fourth Sunday of the month the school becomes host for "Coledale Market", with brick-a-brack stalls, local produce and food stalls, which is very popular among the locals and visitors alike.
