Offers Welcome

Enjoying a prime position here in Jimboomba Woods, this is your opportunity to secure a large and stylish family home that has been completely renovated and updated throughout, in very recent years – Kitchen, Bathrooms and everything in between, here on a whopping low maintenance 1.25 acres with a sparkling in-ground pool, for the whole family to enjoy. Kitchens are key and this one is outstanding, with soft close drawers, a 900 wide oven, cooktop and rangehood and Caesarstone benches complimented by glass splash backs. And then there is the huge walk-in pantry that must surely provide space for everything you could possibly need – see what YOU think at your inspection. Living spaces are large and plentiful with the "L" shaped lounge and dining on one side of the kitchen and the vast (6m x 6.3m) family room with feature vaulted ceiling on the other, which usefully offers the ambience of a wood burning heater for those cold winter evenings. Finally, you'll find the separate rumpus through the connecting door – it's a very family-oriented design which gives everyone their own space. Bedrooms 2, 3, 4 and 5 all radiate from the rumpus room at one end of the house, where you'll conveniently also find the stylishly well-appointed family bathroom. The master bedroom, set away from the rest at the other end of the house will also impress, with its twin fully fitted robes, incorporating drawer units, hanging rails and adjustable shelving units and a lovely en-suite with floating vanity and large shower with that all important shower niche for all your toiletries. Moving outside, the covered entertainment area offers plenty of space for family and friends alike while the in-ground pool is bound to be a favorite with the kids and their friends over the summer months. Further down the yard you'll find the double shed, and this is in addition to the double lockup garage for the daily drivers and if a BIG SHED is on the list, well there's easy access to the back yard and plenty of space for something bigger, if that's on the MUST HAVE list. In the meantime, the kids and the family dog will relish all that space. So, if the idea of owning a large, stylish, and comfortable family home appeals, which enjoys a prime piece of acreage here at Jimboomba Woods then an early inspection of this MOVE IN READY home would be time very well spent - be quick !
