Bright And Inviting Family Home Awaits

Completely level and with a fantastic floor plan, this large, four-bedroom home located in the ever-popular Crestwood Estate will suit families that love the idea of multiple living spaces and a great back yard. If you are an empty nester or retiree and need extra space for visitors and entertaining friends, this spacious residence will suit you too.

The large, light-filled living room on entry is a great space to unwind at the end of the day and watch your favourite TV shows. Walk-on through to the enormous, open plan kitchen, family and dining room that has the natural light pouring through, is tiled for easy living and opens onto the outdoors.

The kitchen is adjacent to the family area and features an overabundance of storage and bench space, Bosch oven and dishwasher, stone bench tops, filtered water tap and even a built-in Miele coffee machine.

The king size master suite features a WIR and ensuite, whilst the remaining three bedrooms will all accommodate a queen-sized bed and have double built-in-robos. The family bathroom has an extra deep bath and extra storage in the vanity.

Head outside to the paved undercover entertaining area, where you can sit back and watch the kids play in the private rear yard that is large enough for a game of footy or even a pool. Remote, extra-long, double garaging with workshop space at the rear completes this very neat and tidy package.

- Ducted air conditioning
- Massive, walk-in linen press/storage room
- Day/night roll down blinds throughout
- 5kw solar
- Good size laundry
- Garden shed
- Pest and building report available

With Lighthouse Beach, two golf courses, schools, bus stops, shops and eateries all within minutes, this family home is ready to move into now. Contact Naomi and Kody for more information and viewing times.
