One of Carrington's Finest!

Your chance to own a beautifully renovated large scale terrace in this popular harbour side suburb. A perfect blend of the old and the new, this stunning residence is ready to move into and enjoy.

The home tastefully incorporates modern features such as a large butler's pantry and a covered rear alfresco area opening off the open plan living area which enhance its use and enjoyment, whilst respecting its period charm.

Through the front door, to the immediate right is a downstairs bedroom with huge hidden robe which could double as a work from home office if required. The end of the high ceiling hallway opens on to the open plan living, dining and kitchen area. The modern timber staircase leads up to two large scale bedrooms, with two way ensuite, the main with it's own balcony.

The large scale of this home will impress - a rare opportunity not to be missed.

- * Large butler's pantry
