Families dream of this!

As you step into this home, it's clear that you've discovered the perfect space for family living. With a flexible floor plan and an array of impressive features, there's so much to love. The property offers multiple living areas, including a versatile rumpus room that could easily serve as a fifth bedroom or office. The kitchen is beautifully designed for family life, complete with ample storage and gas cooking, while ducted reverse cycle air conditioning keeps the home comfortable throughout the year. Outside, the undercover entertaining area opens to a generous yard with well-established, low maintenance gardens, ideal for gatherings or peaceful relaxation. Located in a sought-after, well-maintained neighborhood just minutes from Orana Mall, this home effortlessly combines space, style, and serenity.

**** Key Features ****

- Zoned & ducted reverse cycle air conditioning
- Three separate living areas
- Large backyard with vehicle access
- Quiet cul-de-sac location
