Versatile family home, with all the mod cons!

Enter the up and coming Bonnie Brook market in style, with this comfortable and immaculately-presented home. With three bedrooms, plus study, and all the mod-cons, this property offers a versatile opportunity for couples, young families or investors!

The corner property is cleverly designed over two floors, separating the living, business and entertaining spaces from the bedrooms on the first floor.

The ground floor incorporates a lovely north-facing study, and open plan lounge and dining area with floorboards throughout. The contemporary layout of the kitchen, with a walk in pantry and fridge hidden behind the workspace is a chic design typical of this modern family home.

On the second floor, the master and second bedroom both include WIRs, while the master also enjoys an ensuite. The third bedroom is next to the second bathroom, which includes a bath and shower, and separate powder room. Elevated, each bedroom also enjoys views across the neighborhood.

Further features include zoned heating and cooling systems, alarm system, full laundry, powder room downstairs for guests, a secure double garage that also enters directly into the home, while the leafy and low-maintenance backyard is a safe haven for the kids to enjoy. Only two years old, the home also has new, quality fixtures and fittings.

Easy walking distance to local parks, schools, Woodlea Town Centre, and all the local amenities, and with further-developing community infrastructure on the horizon, don't miss your opportunity to be at the forefront of one of Melbourne's fastest-growing lifestyle suburbs.
