Easy, Smart, and Oh So Convenient!

Freshly painted with new flooring to the kitchen, meals, and living areas, this splendid three-bedroom home is within walking distance of Sunbury West and St Anne's primary schools, preschools, and parklands.

Set on tidy grounds, the lovely home promises an easy lifestyle, with flexible living and entertaining areas centred around the spacious kitchen with lots of storage, an inbuilt wine rack, 90cm wide oven/5-zone cooktop, and a dishwasher.

A light-filled enclosed indoor/outdoor room with ducted heating opens to a huge pergola, which offers smart dual use as a carport, with the gated side driveway leading to a 6m x 7.5m garage/shed with a wood fuelled heater and workshop area.

There are three bedrooms, each fitted with a built-in robe, and a cleverly designed bathroom with a bath, shower, and 2nd toilet/vanity – doubling as a powder room. Also includes ducted heating, cooling, and an internal laundry. Less than a 5-minute drive to the Sunbury Square shopping plaza, train station, cafés, restaurants, and amenities.
