Prime Location with Endless Possibilities

There's options aplenty in this 3-bedroom home on a huge 625 sq. metre (approx.) allotment in the heart of central Frankston, showcasing a renovated layout perfect for comfortable living while your plans and permits await approval.

The reimagined home delivers a range of living spaces across a single-level design, with a separate kitchen area updated with modern appliances and cabinetry, and a huge patio ready for relaxed entertaining. The three bedrooms sit to the quieter side of the home, surrounding a family bathroom with a laundry tucked away European-style in the kitchen.

Plans and permits have been approved for two double-storey duplex homes, each featuring four bedrooms and a study (two with ensuite bathrooms), 2 living spaces, and an expert finish designed with the busy executive family in mind.

Whichever direction you choose to take, there's no denying the convenience and accessibility of its fantastic location, just moments from excellent schools, health and sports facilities, shopping, easy access to public transport, Frankston foreshore and the rejuvenated Frankston CBD.
